NATIONS RANKING METHOD

The Nations Ranking is established monthly and appears on the 1st Tuesday of each month based on:

- The Davis Cup Ranking of each nation (the latest ranking).
- The Billie Jean King Cup Ranking of each nation (the latest ranking).
- The ATP Ranking in Singles and Doubles of national players which appears on the 1st Monday of each month. A maximum of 2 singles players and 2 doubles players per nation will be taken into consideration according to an established scale (see table below).
- The WTA Ranking in Singles and Doubles of national players which appears on the 1st Monday of each month. A maximum of 2 singles players and 2 doubles players per nation will be taken into consideration according to an established scale (see table below).

Calculation Method

This consists of adding the points of each nation according to each of the criteria mentioned above as follows:

- Davis Cup Ranking Points: This is the capital of points that each nation has according to its Davis Cup World Ranking (see table below).
- Billie Jean King Cup Ranking Points: This is the number of points that each nation has according to its World Ranking in the Billie Jean King Cup (see table below).
- Bonus points based on ATP Ranking in Singles and Doubles for a maximum of 2 players per nation. This is how, depending on the “range of ranking” where each player’s ranking is located, Bonus points correspond to it (see table below).
- Bonus points based on the WTA Ranking in Singles and Doubles for a maximum of 2 players per nation. This is how, depending on the “range of ranking” where each player’s ranking is located, Bonus points correspond to it (see table below).
